

Spice up your Winter with Twinings

With the temperatures dropping and the nights drawing in, one sure-fire way to chase away those winter blues is a cup of something hot, fragrant and spicy! After a long, busy day and you're in need of escape, why not grab your favourite slippers, settle on the sofa and discover **Twinings Winter Spice**.

A rich dark claret colour with a satisfyingly intense flavour, **Twinings Winter Spice** contains an evocative blend of traditionally festive spices, including aromatic cloves, warming cinnamon and zesty little apple pieces capturing Christmas in a cup.

Twinings Winter Spice is also ideal for the many occasions when you need to keep a clear head but want to join in the festive spirit. The delicious aroma of spices will transport you to a winter wonderland reminiscent of mulled wine, but without the alcohol.

For the ultimate festive experience, try drinking from a glass with some flavoursome extras like a cinnamon stick or slices of orange. Even better with a mince pie on the side!

Twinings Winter Spice is available from Tesco, Asda, Waitrose & Morrison's
RRP- 95p for 20 bags.
